

HandyPlasma 35i/45i

Portable plasma cutting

HandyPlasma 35i / 45i

Industry

- Repair and Maintenance
- Civil Construction
- Agricultural Equipment
- Industrial and General Fabrication

Hand-held, light and portable power source for plasma cutting with a 220V 50/60Hz single phase power supply. Very simple to use and with a colour LCD panel and all adjustments in just one knob.

No need to adjust the gas the machine automatically detects the inlet and outlet pressure. An automatic system purges gas after cutting, increasing the useful life of the consumables.

Available in two versions,

HandyPlasma 35i

Recommended cutting capacity = 12 mm

Maximum cutting capacity = 16 mm

HandyPlasma 45i

Recommended cutting capacity = 16 mm

Maximum cutting capacity = 24 mm

- Light and portable, weighing only 13.5 kg (including torch)
- Easy to use 2.8" colour LCD panel, with all adjustments in just one knob
- Torch trigger 2T/4T function
- Torch trigger lock for greater safety
- Grate or plate cutting functions
- Comes with torch included
- Two-year guarantee for the power source and three months for the torch
